PROFILE

UI/UX designer and developer, pursuing a Computer Science degree with hands-on experience in user interface design, game development, and AI-driven systems. Skilled in wireframing, prototyping, and programming logic, with a strong foundation in design thinking. Passionate about creating immersive, accessible digital experiences—across games, apps, and intelligent systems. Recognized for sharp attention to detail and strong team collaboration. Seeking an entry-level role to grow, contribute creatively, and bridge the gap between technology and human experience.
